Subject: JTC 1/SC 22 Resolution Regarding the Withdrawal of ISO/IEC 13813

Dear Mrs. Rajchel, Mr. Brannon and Ms. Takahashi,

At the September 2009 JTC 1/SC 22 Plenary, the issue of the withdrawal of ISO/IEC 13813, Information technology – Programming languages – Generic packages of real and complex type declarations and basic operations for Ada (including vector and matrix types) was discussed. It was noted that JTC 1/SC 22 requested in Resolution 07-15 that this standard be withdrawn because it is no longer applicable. Unfortunately, this standard is still available for purchase via the ISO Web Store. As a result, JTC 1/SC 22 passed the following resolution:

Resolution 09-04: Request for the Withdrawal of ISO/IEC 13813, Information technology – Programming languages – Generic packages of real and complex type declarations and basic operations for Ada (including vector and matrix types)

JTC 1/SC 22, noting the report of the JTC 1/SC 22/WG 9 Convener (SC 22 N 4470) and JTC 1/SC 22 Resolution 07-15, again recommends that ISO/IEC 13813 be withdrawn. JTC 1/SC 22 requests its Secretary to send a ballot request to JTC 1 and ITTF to have this standard withdrawn.

Unanimous consent

JTC 1/SC 22 requests that JTC 1 and the ITTF take the necessary actions to have this standard withdrawn.

Please feel free to contact me with any questions or concerns.

Best regards,
Sally
