Japanese vote on JTC 1 N 9249:

The National Body of Japan expresses its objection to the liaison request between ICC and SC28 in document JTC 1 N 9249, "SC 28 Liaison Request - Liaison Establishment between the International Color Consortium and JTC 1/SC 28", as well as the default ballot on JTC 1 N 9151.

Reason of objection:

Japan understands that SC 28 is intending to establish a Category C liaison with the International Color Consortium (ICC). However, Japan believes approving a Category C liaison relationship with the ICC at this stage violates JTC 1 Directives because SC28 does not have any approved project or WG relevant to ICC yet.

At this stage a Category B liaison if needed may be appropriate.

Japan can support a Category C liaison with ICC after SC 28 does have an approved project or WG relevant to ICC.

2.6.1.2 NBs that are P-members or O-members of the parent body and "organisations in liaison" Category A and "Category C" may nominate experts as members of a WG.
