Title: Proposed Disposition of Comments to 24793-2 FCD Ballot
(6N14106)

Source: Project Editors

SC/WG: ISO/IEC JTC 1/SC 6/WG 7

Type: For Discussion

Summary:

This Proposed DoC document describes the disposition of comments to JTC 1/SC 6 N 14106 (SoV on FCD Ballot for 14476-2, MMC-2). From the FCD Ballot, one minor editorial comment was given from China, which has now been disposed into the corresponding FCD text.

It is noted that the FCD ballot was successfully completed with substantial support of SC6 P-members. Accordingly, it is proposed that the FCD text be progressed for the FDIS ballot processing, via the Last Call process in the ITU-T Q.15/11.

1. Summary of Voting Results

As given in the SoV document (6N14106), the voting results can be summarized as follows:

- 1) 16 of 19 P-members of SC6 voted;
- 2) 16 votes consist of 8 votes for approval as presented, 1 vote for approval with comments, 7 votes for abstention;
- 3) The comments were given only by China.

2. Comments and Dispositions

The NB of China gave the following one comment. The corresponding dispositions are described below:
