Dear TC 247 Members,

Information regarding ISO TC247:

I would ask the National Committee Chairman or Secretaries to please register your experts in the ISO Directory for each of the established Working Groups. Information regarding their working will be distributed through the ISO Livelink Working Group site. Registered members will be able to access documents through those sites and receive information on document postings.

Due to business commitments, Dr. Graham Whitehead has asked to be relinquished of his duties as Project Leader for Working Group 1 "Security Assurance Management System Standard". He will remain active on the Working Group as a national expert. Michael O'Neil has been assigned as Project Leader. Guenther Galfe remains as Working Group Convenor.

The Convenor of Working Group 3: "Anti-counterfeiting track and trace method using unique numbering" has asked that the number of participating experts in the working group be limited to five experts from each national body.

**Please remember to register your delegations as instructed in N48 "Registration Form" by 29 April 2011.**

Thank you,

Michael O'Neil  
Secretary to ISO TC247
