<p>The Netherlands NB's position on N9003, Revisions to section 7.3 of Annex M of the ISO/IEC JTC 1 Directives - ISO/IEC JTC 1 N9003</p> <p>Every ISO/IEC standard, including those being ratified through a Fast Track or PAS procedure, should become fully and completely a ISO/IEC standard maintained by JTC 1. In that case, no extra rules are necessary.</p> <p>Too many exceptions make the procedures more complex and less robust.</p>		
United Kingdom (BSI)	Comment	2008-05-19 15:28:13
<p>Whilst the UK NB is supportive of the principal proposed, we believe that any proposed amendments to the Directives must be explicit and specify the precise text proposed for addition, amendment or deletion.</p>		
USA (ANSI)	Comment	2008-05-14 21:58:48
<p>The US National Body does not support the requirement that a PAS submitter be asked to provide IPR policies and notes that outreach is already required in Annex M.</p>
