Canadian Contribution on SG-Accessibility

SG-Accessibility has completed the task for which it was created. The standard ISO/IEC 29138 parts 1, 2 and 3 have been published. It is recognized that 29138-2 requires ongoing maintenance. However, SG-Accessibility is not receiving any new work. Canada therefore suggests that the most appropriate action would be for JTC 1 to thank the members of SG-Accessibility for their work, disband SG-Accessibility and assign the ISO/IEC 29138 all parts to ISO/IEC JTC 1/SC 35/WG 6 for its ongoing maintenance, as required.

Canada offers the follow draft resolution for JTC 1's consideration:

"Resolution gg - SG-Accessibility

JTC 1 resolves to disband the SG on Accessibility. JTC 1 thanks the members, past and present, of SG-Accessibility for their efforts and commends them on the results of their work. JTC 1 assigns ISO/IEC 29138-1, -2, -3 to ISO/IEC JTC 1/SC 35/WG 6 for ongoing development and maintenance, as required."
