### **2 Draft Agenda**

There are four topics:

- b) Produce text for immediate SC 6 FCD (or 3<sup>rd</sup> CD) ballot on ISO/IEC 29168 and April SG 17 AAP Consent to Last Call for ITU-T X.oid-res (to follow the resolution of the FCD ballot);
- c) Finalise the document "Procedures for the operation of the top-level zone file management agency for the ORS", for approval in SG 17 in April as a Supplement to ITU-T X.oid-res, and submission to SC 6 in September as a proposed Standing Document;
- d) Finalise the document "Call for SC 6 P-members and ITU-T Members to propose candidates for a top-level zone file management agency for the ORS." (This is for immediate issue to SC 6 P-members out of the BRM – with c) above - and Q.12/17 resolution in the April SG17 meeting for issue of the call to ITU-T Members from that meeting.)

### **3 Logistic Information**

Logistic information is attached below, with the following additional comments:

The first two hotels are recommended. The first is a 2-mn walk from the Orange Labs centre. The second is a 15-mn ride by metro Line 12. It is a better quality hotel, good breakfast and is in not far away from the Montparnasse area with a lot of restaurants.

For further information please contact the Convenor [j.larmouth@btinternet.com](mailto:j.larmouth@btinternet.com) or [olivier.dubuisson@orange-ftgroup.com](mailto:olivier.dubuisson@orange-ftgroup.com)

**IMPORTANT:** For security reasons, it is important that you register by sending an email to [Olivier.Dubuisson@orange-ftgroup.com](mailto:Olivier.Dubuisson@orange-ftgroup.com) **no later than 18 February 2010** so that access to the Orange Labs centre can be granted to you.
