Subject: Withdraw of International Standards - ISO/IEC 24791-4

Importance: High

Dear ISO Projects:

Attached is the resolution from our SC 31 Plenary Meeting to withdraw ISO/IEC 24791-4 from SC 31's Program of Work:

Resolution 18: SC 31/WG 4 requests SC 31 to withdraw Work Item ISO/IEC 24791-4, "Information technology -- Automatic Identification and Data Capture Techniques -- Radio-Frequency Identification (RFID) for Item Management -- System Management Protocol -- Part 4: Application interface" from its programme of work. It is the opinion of SC 31/WG 4 that the marketplace is not yet ready for Work Item ISO/IEC 24791-4. SC 31 resolves to accept the request from SC 31/WG 4.

SC 31 requests that ISO/ITTF and JTC 1 review the resolution and add it to the JTC 1 agenda for review and approval at the 2008 JTC 1 Plenary.

If you should require any more information, please let me know.

Thank you and kind regards,

James Chronowski
