US National Body contribution in response to JTC 1 N 8999 - Call for Comments on JTC 1 N 8940, Canadian Contribution to the March 2008 JTC 1 SWG-Directives on PAS and Fast Track Size

The US National Body contribution in response to JTC 1 N 8999 - Call for Comments on JTC 1 N 8940, Canadian Contribution to the March 2008 JTC 1 SWG-Directives on PAS and Fast Track Size:

The United States does not support the Canadian contribution in JTC 1 N 8940, Canadian Contribution to the March 2008 JTC 1 SWG-Directives on PAS and Fast Track Size because:

- the characteristics of the text must be taken into consideration and would likely be far more important than the page count
- the arbitrary splitting of a submission into a sequence of ballots (other than on logical groupings) could cause misunderstanding and confusion
