Nomination of Gerd Weking as Chairman

The Secretariat nominates Gerd Weking as Chairman of SC 25 and asks the Plenary for endorsement.

According to 5.4 of the JTC Directives a Chairman shall only serve for two terms. The experienced Chairman of SC 25, Dr. Günter Zeidler, saw no special circumstances that would require him to serve an exceptional third term.

The Secretariat is very pleased, that Gerd Weking, who is highly familiar with international standardisation and with many subjects handled in SC 25, due to his professional work, see below, and to his position in standardisation as Chairmanship in IEC TC 48 as well as his active participation in SC 25 and SC 25/WG 3, would be ready to chair ISO/IEC JTC 1/SC 25.

Appointment / re-appointed of WG Convenors

For the appointment / re-appointed of WG Convenors 5.5 of the JTC Directives apply, which do not limit the number of terms for this service: the nomination of a convenor shall be endorsed by the Convenor's NB to SC 25, with copy to JTC 1, that the nominee has the necessary resources and administrative support.

It is requested to provide such confirmation by 2008-07-23.

Up to now such confirmation has been received for Dr. Walter von Pattay, WG 3 convener.
