Request of SC28 to make the test pages of ISO/IEC 24734 and 24735 freely available

SC28 requests JTC 1 to approve its request to make the test pages for ISO/IEC 24734 and 24735 freely downloadable from the ITTF Web site under the criteria (4) bit streams of additional criteria of ISO Council Resolution 6/2204 Making JTC 1 Standards Available on the World Wide Web (JTC001-N-7604).

A suite of downloaded test pages will benefit users, but will not serviceable without reference to the productivity measurement methods of ISO/IEC 24734 and 24735. This is the same scheme successfully applied to ISO/IEC 19752, 19798 and 24711 printer yield measurement standards.
