Subject: SPANISH POSITION ON N 9040

Dear Secretariat,

Please find enclosed the Spanish position on N 9040.

Question 1: Is it permissible to provide multiple international standards for the same application and function? **YES**

Question 2: In case Question 1 is answered with yes, shall the competing solutions apply different technologies, e. g. not just differ in coding but use different technical principles? **NO**

Question 3: In case Question 1 is answered with yes, what kind of relationship is required for entities meeting the competing specifications? **None of the above**

Best regards,

Miguel Angel ARANDA
