Dear Krystyna Passia,

FIRST (Forum of Incident Response and Security Teams) is the premier organization and recognized global leader in incident response. FIRST brings together a variety of computer security incident response teams from government, commercial, and educational organizations. FIRST aims to foster cooperation and coordination in incident prevention, to stimulate rapid reaction to incidents, and to promote information sharing among members and the community at large. There are currently over 190 member teams in FIRST.

Under the umbrella of FIRST are a number of special interest groups (SIGs). Vendor SIG is a special forum that gathers representatives from 30 different vendors. These teams deal with security vulnerabilities in their respective products, maintain relationship with researchers and publish fixes and public announcements. As such this group is uniquely qualified to help work on new work item on Responsible Vulnerability Disclosure.

Vendor SIG would like to apply for Category C liaison with SC 27/WG 3. The primary point of contact will be Damir Rajnovic. He can be contacted at:

Damir Rajnovic
Cisco Systems
200 Longwater Avenue
Reading, ENGLAND RG2 6GB
United Kingdom
Tel: +44 7715 546 033
e-mail: gaus@cisco.com

We are looking forward to a positive outcome of this request. I am of course happy to answer any questions, but all further correspondence related to this application should be directed to Mr. Rajnovic.

Sincerely yours,

Derrick Scholl
President and Chairman of the Board – FIRST
