Rationale

On 29198, the NB comments on the NWI suggested that the project should be conducted on an extended timeframe (48 months) rather than the timeframe indicated in the NWI proposal (36 months).

On 29120-N, an extension to the stage dates is requested to provide adequate time for solicitation and incorporation of additional contributions. The project is making progress and is considered important, but additional time is required to meet the stage dates.
