Title: Call for National Body Participation in the IT Vocabulary Maintenance Team

Status: In accordance with resolution 38 approved at the October 2009 JTC 1 meeting in Tel Aviv, JTC 1 requests each participating National Body in the ITVMT either to reconfirm its Validation Team member or appoint one person to become part of the Validation Team. JTC 1 notes that all P-members, A-liaison organizations and committee-internal liaisons have the right to appoint one member to the team. A validation team comprises a minimum of 5 P-members. Representatives of P-members have the right to vote; representatives of A-liaisons and committee-internal liaisons do not have the right to vote, but may submit comments. JTC 1 also notes that the described procedure asks for very short response times from the validation team members.
Therefore, the National Bodies should appoint one or more deputies that can take over the task when the official member is unavailable (due to travel, business, etc.). The appointing bodies decide on the duration of an appointment and also organize any supporting network of experts at the national level.

Please submit the name and contact information of your member to the ITVMT Convener, Natalie Ranger, (NatalieCecile.Ranger@tpsgc-pwgsc.gc.ca) by the due date of **9 May 2010**.
